

Five-Element Chinese Astrology Seminar Part 1

Part 1: Introduction to Five-Element Astrology (4 hours)

- Basic Theory (Stem-Branch theory and cycles)
- Chart Calculation and Interpretation
- Timing of Life Events
- Case Studies

This seminar requires a basic knowledge of the Five-Elements and their interrelationships. The focus of this seminar is on learning how to chart the course of events in a person's life (health, career, money, relationships). Participants are encouraged to bring their birth data (year, month, day, hour and location) and the data of friends or family for case study practice. It is also a foundation for the second seminar focused on diagnosis and acupuncture treatment from the birth data.

Learning Objectives: after this seminar you will be able to

- determine someone's constitutional element based on their birth data
- interpret their elemental balance for strengths and weaknesses
- forecast the good and difficult times in a person's life
- maximize the good and minimize the bad by following your natural destiny and incorporating remedial measures

Date: November 19th, 2017

Part 2: Five-Element Astrology for Diagnosis and Treatment

- Analyze excess and deficiency in a chart for diagnosis
- Construct a constitutional Acupuncture Treatment Protocol from the birth data
- Case Studies
- Advanced Applications (10 year, seasonal, yearly, monthly modifications)

This is the follow-up to Part 1. This seminar focuses on diagnosis of medical problems as well as life problems (money, career, relationships) and the construction of an acupuncture treatment protocol based on analysis of the birth data learned in Part 1.

Learning Objectives: after this seminar you will be able to
 analyze birth data chart for excess and deficiency of the elements with diagnostic interpretation
 determine a suitable acupuncture treatment protocol
 advise the patient on appropriate remedial measures and the timing and necessity of future treatments
