

AcuCongress is thrilled that you are interested in helping us convince Congress of how imperative it is for licensed acupuncturists to receive a legislative fix to a regulatory burden, and one that impacts a national epidemic during a global pandemic.

The interest in our services is wanted by the public, the military, mainstream hospital settings, federal health facilities and the regulatory agencies

that they are overseen by; as well as numerous ancillary health professionals who currently are nowhere near our educational standards to wield this medicine. Acupuncture is covered, and will be expanded upon, however, unless we are defined within the Social Security Act, we are not able to bill CMS directly on behalf of our patients; and furthermore, we require "appropriate" supervision (still undefined,) for the services we are experts at. This change requires an Act of Congress, and HR4803: Acupuncture for Our Seniors Act 2021, is that Act.

AcuCongress is happy to book your legislative meeting with your Representative's office for ANY THURSDAY & FRIDAY UNTIL THIS CONGRESSIONAL SESSION ENDS.

Email: AcuCongress@gmail.com

AcuCongress staff will be available for any meeting you would like assistance with.

Once we square away your meeting needs, please feel free to look around the AcuCongress BaseCamp Headquarters,

<https://3.basecamp.com/4998321/projects/21020190>, & consider joining the team that your state belongs to,
<https://public.3.basecamp.com/p/ryDAHFCdUDokJJyooCHtqE9L>

On behalf of all of the hardworking volunteers from all over the nation who have been training and working together from the moment HR4803 was introduced, thank you for your passion for this cause and participation in this hard work! We look forward to working with you!

Dr. Kallie Byrd Guimond, OM.D, MPH, L.Ac
Founder, AcuCongress
Executive Director, American Alliance of Acupuncture
